Purpose

Education 1st are committed to safeguarding and promoting the welfare of children and young people and expect all staff to share in that commitment.

A motivated, committed and positive workforce with appropriate skills, knowledge and aptitude is fundamental to the delivery of high quality alternative provision for vulnerable young people. Our students usually present with SEMH needs, behavioural issues and poor literacy and numeracy skills. Therefore Education 1st are committed to recruiting and retaining employees who will positively and successfully contribute to outstanding alternative provision that effectively meets the individual needs of our students.

This policy aims to ensure the recruitment of all staff is conducted in a fair, effective and efficient manner. Responsibility of recruitment will be undertaken by the recruitment lead who will be a senior member of staff. Staff responsible for each stage of the recruitment process will demonstrate a professional attitude by dealing honestly, efficiently and fairly with all applications both internal and external.

- Job description and person specification are essential tools and will be used throughout the process
- Applicants will be recruited on the basis of the way in which they demonstrate the knowledge, experience and skills needed for the post
- Selection will be based on a completed application form, a shortlisting process and an interview
- Selection will be carried out by a panel of at least two members. At least one of the panel will have received appropriate training on safer recruitment
- Where only internal candidates are invited to apply for posts, they will be asked to submit a letter detailing in no more than two sides of A4, how they are able to meet the requirements of the job description and the personal specification
- Reasonable adjustment will be made to the recruitment process if an applicant makes Education 1st aware that they have a disability. This applies for all stages of the recruitment process from advertisement to appointment
- Two references are sought on all short listed candidates to obtain objective and factual information to support appointment decisions
- The interview will assess the merits of each candidate against the job description and the person specification and explore their suitability to work with vulnerable young people. The selection process will include a face to face interview even when there is only one selected candidate.

Recruitment Process:

The objective of the recruitment process is to attract, select, retain and reward staff who will successfully and positively contribute to the future of Education 1st. Those responsible for any stage of the process should ensure:

- All applicants have a positive and realistic image of Education 1st
- All prospective candidates have a clear understanding of the post and what will be expected of them should they be successful
- The recruitment process and the time scales are explained clearly
- For internal vacancies, staff will normally be advised of vacancies via email. Internal vacancies may arise if there is an area of additional responsibility which does not involve an increase in overall staffing.
- External Vacancies are advertised on the website and recruitment websites
- An application form is used to obtain a common set of information from all candidates.
- An accurate Job Description and Person Specification is available for all posts
- Where a candidate is known personally to a member of the selection panel it will be declared before short listing takes place. It may be necessary to change the panel to ensure there is no conflict of interest and that there is adherence to equal opportunities principles.
- At least two references will be sought and obtained directly from the named referees. There is an expectation that one will include the candidate's most recent employer where this is possible. The recruitment lead is responsible for the validation of the successful candidate's references and logging on the SCR that this has been actioned.
- The members of the interview panel will:
 - Have the necessary authority to make decisions and appointments
 - Be appropriately trained
 - Meet before the interview to agree questions to be asked by whom and in what order
 - Arrange for candidates to participate in specific tasks as part of the interview process e.g. discussions with students, teaching
- In addition to assessing and evaluating the applicant's suitability for the post, the panel will also explore:
 - The candidate's attitude towards children and young people
 - His/her ability to support Education 1st's commitment to safeguarding and promoting the welfare of children and young people
 - Any unexplained gaps in employment history
 - The candidate will be asked if there is anything he/she wishes to declare/discuss in light of any questions that have been put to referees
