### **Implementation - Strategies for promoting positive Attitudes to Learning**

Education 1<sup>st</sup> promotes positive behaviour in a number of ways:

- We offer an environment in which students feel valued and welcomed. Education 1st’s values and ethos must demonstrate that students feel that their presence in Education 1st is important and any negative impact on this positive ethos will be addressed (**Appendix A**)
- The provision is committed to working towards a behaviour management system that is predicated on rewards and celebration
- The provision’s budget allocation to student rewards will reflect the importance placed on this celebration.

- A flexible and individualised curriculum is offered to all students; every effort will be made to ensure that learning tasks are challenging, stimulating and matched to students' needs.
- Behaviour and rewards data will be regularly collected and monitored in order to help identify patterns, set targets, implement early interventions, and support and inform policy/practice.
- Parents/carers and students will be regularly informed of the students' Attitude to Learning
- Education 1<sup>st</sup> takes a proactive approach to supporting students with social, emotional and mental health difficulties [SEMH] through personalised interventions.
- Education 1st is committed to working in partnership with other agencies (e.g. Education Psychology Service, CAMHS, and Police) when this may serve to support and assist students who are experiencing social, emotional and mental health difficulties.

### **Behaviour whilst under the care of Education 1st**

Education 1<sup>st</sup>'s behaviour policy applies in situations where a student's behaviour is deemed inappropriate or unsafe.
